

Truckee Regional Aquatic Invasive Species Prevention Program (TRAISPP) Community Forum #1

The first TRAISPP Community Forum will be next Tuesday night the 27th at 7:00 pm at the Truckee Community Arts Center (previously known as the Community Rec Center) located at 10046 Church St. in old historic downtown Truckee.

The purpose of this meeting is to introduce all interested members of the community to the Pilot Program of the TRAISPP and to gain input from all interested parties on the design of the Pilot Program as well as possible future programs to prevent our local waters from being infested by a number of Aquatic Invasive Species. This program is crucial to our economy, culture and recreation and input will be extremely valuable to our community's process in creating our response to the problem.

Agenda:

7:00 -7:10, introductions and introductory comments by Craig Threshie, Program Coordinator and Nevada County Fifth District Supervisor Ted Owens

7:10 – 7:40, Video Presentation of “Don’t Move a Mussel”

7:45 – 8:05, California Department of Fish and Game (CDFG) PowerPoint presentation

8:05 – 8:20, Public Comment, questions and answers about the video and the CDFG presentation

8:20 - 8:40, TRAISPP PowerPoint by Craig Threshie, Introduction of the program and it's major components, a look at how Lake Tahoe's program impacts the Truckee region, AIS in Tahoe now-what we don't want and vice versa (baseline monitoring this year), issues of Reciprocity for inspections with Tahoe and the Blue Boating Program

8:40 – 9:00, Public Comment, questions and answers about TRAISPP

Thank you
